Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme (the “**Programme**”) described in this base prospectus (the “**Base Prospectus**”), Acciona, S.A. (the “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue notes (the “**Notes**”). The aggregate nominal amount of Notes outstanding will not at any time exceed €1,000,000,000 (or the equivalent in other currencies). The Notes may be issued on a continuing basis to one or more of the Dealers specified below and any additional Dealer appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each a “**Dealer**” and together the “**Dealers**”).

This Base Prospectus has been approved by the Central Bank of Ireland (the “**Central Bank**”), as competent authority under Directive 2003/71/EC, as amended (the “**Prospectus Directive**”). The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Such approval relates only to the Notes which are to be admitted to trading on a regulated market for the purposes of Directive 2004/39/EC on markets in financial instruments and/or which are to be offered to the public in any Member State of the European Economic Area (the “**EEA**”). Application has been made to the Irish Stock Exchange for the Notes issued under the Programme during the period of 12 months from the date of this Base Prospectus to be admitted to the Official List and trading on its regulated market. References in this Base Prospectus to Notes being “listed” (and all related references) shall mean that such Notes have been admitted to the Official List and to trading on the regulated market of the Irish Stock Exchange. The Programme provides that Notes may be listed on such other or further stock exchange(s) as may be agreed between the Issuer and the relevant Dealer.

Each Tranche of Notes (as described below) will be issued on the terms set out herein under “*Terms and Conditions of the Notes*” as completed by a final terms document (the “**Final Terms**”) which, with respect to Notes to be listed on the Irish Stock Exchange, will be delivered to the Central Bank on or before the date of issue of the Notes of such Tranche. In the case of any Notes which are to be admitted to trading on a regulated market within the EEA or offered to the public in a Member State of the EEA in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum specified denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes).

Investing in the Notes issued under the Programme involves certain risks. For a discussion of these risks, see “Risk Factors”.

The Notes will be in bearer form. The Notes of each Tranche will be represented on issue by a temporary global note or a permanent global note (each a “**Global Note**”). If the Global Notes are stated in the applicable Final Terms to be issued in new global note form, they will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper for Euroclear Bank S.A./N.V. (“**Euroclear**”) and Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”). Global Notes which are not issued in new global note form will be deposited on the issue date of the relevant Tranche with a common depository on behalf of Euroclear and Clearstream, Luxembourg. See “*Form of the Notes*”.

IMPORTANT NOTICE

This Base Prospectus constitutes a base prospectus for the purposes of article 5.4 of the Prospectus Directive. The Issuer accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge of the Issuer (having taken all reasonable care to ensure that such is the case) the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect its import.

The Arranger and the Dealers have not separately verified the information contained in this Base Prospectus. None of the Arranger or the Dealers makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. None of the Arranger or the Dealers accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer in connection with the Programme.

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Arranger or any of the Dealers. Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof or the date upon which this Base Prospectus has been most recently supplemented, or that there has been no adverse change in the financial position of the Issuer since the date hereof or the date upon which this Base Prospectus has been most recently supplemented, or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and the offering, sale and delivery of Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Arranger and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus and other offering materials in relation to the Notes, see “*Subscription and Sale*”.

In particular, the Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”). Subject to certain exceptions, the Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons.

This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer, the Arranger or the Dealers to subscribe for, or purchase, any Notes.

Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Base Prospectus or to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

This Base Prospectus describes in summary form certain Spanish tax implications and procedures in connection with an investment in the Notes (see “*Risk Factors – Risks in relation to the Notes – Risk in*

relation to Spanish taxation” and *“Taxation – Taxation in Spain”*). No comment is made or advice is given by the Issuer, the Arranger or the Dealers in respect of taxation matters relating to the Notes. Investors must seek their own advice to ensure that they comply with all procedures to ensure correct tax treatment of their Notes.

Certain of the Dealers and their affiliates, including parent companies, have engaged, and may in the future engage, in investment banking and/or commercial banking transactions (including the provision of loan facilities and/or securitization transactions) and other related transactions with, and may perform financial and non-financial activities and services for, the Issuer and their its affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and their affiliates, including parent companies, may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer’s affiliates. Certain of the Dealers or their affiliates, including parent companies, that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates, including parent companies, would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates, including parent companies, may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

In connection with the issue of any Tranche (as defined in “Overview of the Programme – Method of Issue”), the Dealer or Dealers (if any) named as the stabilising manager(s) (the “Stabilising Manager(s)”) (or any person acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

INTERPRETATION

All references in this Base Prospectus to “euro” refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

In this Base Prospectus the words “Group” or “Acciona Group” refer to the Issuer and its consolidated subsidiaries.

As used in this Base Prospectus, the term “EBITDA” refers to the sum of the following line items from the consolidated income statements: “Revenue”, “Other income”, “Changes in inventories of finished goods and work in progress”, “Procurements”, “Staff costs” and “Other operating expenses”. EBITDA is a non-GAAP measure which is not required by, or presented in accordance with, IFRS-EU, and the EBITDA of the Group may not be comparable to this measure as calculated by other companies.

For these purposes, “**GAAP**” refers to generally accepted accounting principles and “**IFRS-EU**” refers to the International Financial Reporting Standards as adopted by the European Union.

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

Each Series may be issued in tranches (each a “ Tranche ”) on the same or different issue dates. The specific terms of each Tranche (which will be completed, where necessary, with the relevant terms and conditions and, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be completed in the final terms (the “ Final Terms ”).
Issue Price	Notes may be issued at their nominal amount or at a discount or premium to their nominal amount.
Form of the Notes	Notes will be issued in bearer form. Each Tranche of Notes will initially be in the form of either a Temporary Global Note or a Permanent Global Note, in each case as specified in the relevant Final Terms. Each Global Note which is not intended to be issued in new

Each Temporary Global Note will be exchangeable for a Permanent Global Note or, if so specified in the relevant Final Terms, for Definitive Notes. If the TEFRA D Rules are specified in the relevant Final Terms as applicable, certification as to non-U.S. beneficial ownership will be a condition precedent to any exchange of an interest in a Temporary Global Note or receipt of any payment of interest in respect of a Temporary Global Note. Each Permanent Global Note will be exchangeable for Definitive Notes in accordance with its terms. Currencies	Any currency, subject to compliance with all relevant laws and regulations.
Maturity	Any maturity, subject to compliance with all relevant laws and regulations.
Denomination	Notes will be in such denominations as may be specified in the relevant Final Terms save that (i) in the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area (“ EEA ”) or offered to the public in an EEA State in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum specified denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes); and (ii) unless otherwise permitted by then current laws and regulations, Notes (including Notes denominated in sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the FSMA will have a minimum denomination of £100,000 (or its equivalent in other currencies).
Fixed Rate Notes	Fixed interest will be payable in arrear on the date or dates specified in the relevant Final Terms.
Floating Rate Notes	Floating Rate Notes will bear interest determined separately for each Series (a) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions,

as published by the International Swaps and Derivatives Association, Inc.; or (b) by reference to LIBOR or EURIBOR, as adjusted for any applicable margin. Interest periods will be specified in the relevant Final Terms.

Interest Periods and Interest Rates

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Redemption

The relevant Final Terms will specify the basis for calculating the redemption amounts payable. Unless permitted by then current laws and regulations, Notes (including Notes denominated in sterling) which have a maturity of less than one year in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the FSMA must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).

Optional redemption

The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the holders.

Status

The Notes and Coupons relating to them constitute (subject to Condition 4 (*Negative Pledge*)) unsecured obligations of the Issuer and shall at all times rank pari passu and without any preference among themselves. The payment obligations of the Issuer under the Notes and the Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 4 (*Negative Pledge*), at all times rank at least equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer, present and future.

Interest on the Notes accrued but unpaid as at the commencement of any insolvency proceedings (concurso) relating to the Issuer under Spanish law shall thereupon constitute subordinated obligations of the Issuer ranking below its unsecured and unsubordinated obligations. Under Spanish law no further interest on the Notes shall be deemed to accrue from the date of any declaration of insolvency.

Negative Pledge

The Notes will have the benefit of a negative pledge, as described in Condition 4 (*Negative Pledge*).

Cross default

The Notes will have the benefit of a cross default provision, as described in Condition 10 (*Events of Default*).

Tax redemption

The Issuer may redeem the Notes at any time, in whole but not in part, at their principal amount plus accrued and unpaid interest, if any, to the date of redemption if the Issuer has or will become obliged to pay additional amounts as a result of any change in, or amendment to, certain tax laws and regulations and such obligation cannot be avoided

by the issuer taking reasonable measures to it. See Condition 6(c) (*Redemption for Taxation Reasons*).

Withholding tax

The payment of interest and other amounts in respect of the Notes will be made free of withholding taxes in Spain, unless such taxes are required by law to be withheld. In such case the Issuer will pay additional amounts as may be necessary in order that the net amounts receivable by the Noteholder after such deduction or withholding shall equal the respective amounts which would have been receivable by such Noteholder in the absence of such deduction or withholding; except that no such additional amounts shall be payable in certain circumstances set out in the Conditions. See Condition 8 (*Taxation*).

The Issuer considers that, according to Royal Decree 1145/2011, it is not obliged to withhold any tax amount provided that the simplified information procedures (which do not require identification of the Noteholders) are complied with by the Fiscal Agent, as described in “*Taxation – Taxation in Spain – Disclosure obligations in connection with payments on the Notes*”.

In the event that the currently applicable procedures are, after the date of this Base Prospectus, modified, amended or supplemented by any Spanish law or regulation, or any ruling of the Spanish Tax Authorities (*Dirección General de Tributos*), the Issuer will inform the Noteholders of any such change in the information procedures and of any implications such changes may have for the Noteholders. In particular, there can be no assurance that the Issuer will not be required to apply withholding tax on interest payments under the Notes as a result of any such changes in the information procedures. In such event, the Issuer would not pay any additional amounts.

For further information, see “*Risk Factors – Risks in relation to Spanish taxation*”, Condition 8 (*Taxation*) and “*Taxation – Taxation in Spain – Disclosure obligations in connection with payments on the Notes*”.

Governing law

The Agency Agreement, the Deed of Covenant and the Notes and any non-contractual obligations arising out of or in connection with them will be governed by, and construed in accordance with, English law. The status of the Notes as described in Condition 3 (*Status*) and the provisions of Condition 11 (*Syndicate of Noteholders and Modifications*) relating to the appointment of the Commissioner and the Syndicate of Noteholders are governed by, and shall be construed in accordance with, Spanish law.

The Courts of England will have jurisdiction to settle any disputes which may arise out of or in connection with the Notes.

Listing

Application has been made for the Notes to be admitted to listing on the Official List and to trading on the regulated market of the Irish Stock Exchange.

Notes may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer in relation to the Series. The applicable Final Terms will

state the stock exchanges or markets on which the relevant Notes are to be listed or admitted to trading.

RISK FACTORS

Investing in the Notes issued under the Programme involves certain risks. The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. Any of these risk factors, individually or in the aggregate, could have an adverse effect on the Issuer and the impact each risk could have on the Issuer is set out below. Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with the Notes are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with the Notes for other reasons, and the Issuer does not represent that the statements below regarding the risks of holding the Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Risks in relation to the business of Acciona Group

Regulatory risk

The Group is subject to extensive regulation that governs the performance of many of its activities in Spain and in the other countries in which it operates, including the construction and operation of wind farms and other power plants, the development of infrastructures and other civil works or the awarding and operation of concessions, and also the remuneration that the Group can obtain from those activities.

The Issuer believes that the Group is in substantial compliance with the laws and regulations governing its activities. However, those laws and regulations are complex and governmental authorities, courts or other parties may interpret them differently and challenge the compliance by the Group of those laws and regulations. This circumstance, or the introduction of new laws or regulations or changes in existing laws or regulations, could have a material adverse effect on the Group's business, financial condition and results of operations.

Risks in relation to the global and Spanish economy

The Group's business performance is influenced by the economic conditions of the countries in which it operates. Normally, robust economic growth in those areas where the Group is located results in greater demand for its services, while slow economic growth or economic contraction adversely affect demand for its services.

Global economic conditions strengthened moderately during the second half of 2013 and activity is expected to improve further, largely on account of recovery in advanced economies. In emerging market economies increased financial market and capital flow volatility remain a concern, particularly when combined with domestic economic weaknesses (source: World Economic Outlook – January 2014). The euro area returned to growth in the second half of 2013 and economic activity is expected to strengthen but the recovery will be uneven and more modest in the European peripheral economies, including Spain, where the Group obtains a significant portion of its revenues. The Spanish government has made relevant efforts to control the public deficit, restructure the banking sector and correct the country's economic imbalances and the economic conditions have improved, but, the adjustment process is proving slow and difficult and the prospects for the future are uncertain.

Any deterioration of the world or Spain's current economic situation could have a negative impact on the Group's revenues and increase the Group's financing costs, circumstances which could have a material adverse effect on the business, financial condition and results of operations of the Group.

Risks in relation to the Group's international operations

The Group operates an international business with presence in, among others, Australia, Brazil, Canada, Chile, Colombia, India, Italy, Mexico, Poland, South Africa, Spain, and the United States. International operations expose the Group to different local political, regulatory, business and financial risks. In this respect, the Group's overall success as a global business depends, in part, upon the ability to succeed in different economic, social and political conditions. Additionally, the economies of these countries are in different stages of development and may have less stable political or legal environments, which pose specific risks related to exchange rate fluctuations, capital movement restrictions, inflation, political and economic instability and possible state expropriation of assets or difficulties to manage local teams or attract and retain qualified personnel, all of which could have a material adverse effect on the Group's business, financial condition and results of operations.

Risks in relation to the Group's international expansion

In recent years, Acciona Group has expanded its international reach and it plans to continue the geographical expansion of its business into new countries and markets. However, the Group may not achieve results in these new countries and markets similar to those achieved in the locations where it currently operates. Furthermore, the Group may have difficulty hiring experts or qualified executives or employees for the countries where it expands. Failure to successfully implement its international expansion plans could have a material adverse effect on the Group's business, financial condition and results of operations.

Business Strategy

Given the risks to which the Group is exposed and the uncertainties inherent in its business activities, the Issuer can provide no assurance that it will be able to implement its business strategy successfully. Were the Issuer to fail to achieve its strategic objectives, or if those objectives, once attained, did not generate the benefits initially anticipated, this circumstance could have a material adverse effect on the Group's business, financial condition and results of operations.

Environmental risk

The Group is subject to environmental regulations, which, amongst other things, require it to carry out environmental impact studies on future projects, to obtain regulatory licenses, permits and other approvals and to comply with the requirements of such licenses, permits and regulations. This exposes the Group to costs and liabilities relating to its operations, the management of its projects or the disposal of its waste.

The Group is firmly committed to sustainable development and invests significant resources to complying with environmental laws and regulations. A stricter application of these laws and regulations, the entry into force of new laws, the discovery of previously unknown sources of pollution or the imposition of new or more stringent requirements may increase the Group's costs and responsibilities, which could have a material adverse effect on the Group's business, financial condition and results of operations. Furthermore, any breach of its regulatory obligations, or even incidents that do not amount to a breach, could have a material adverse effect on the Group's results of operations and its reputation.

Risks in relation to changes in technology

The markets for the Group's businesses may change rapidly because of changes in customer requirements, technological innovations, new product instructions, prices, industry standards and domestic and international

economic factors. New products and technology may render existing services or technology obsolete, excessively costly or otherwise unmarketable. If the Group is unable to introduce and integrate new technologies into its services in a timely and cost-effective manner, its competitive position will suffer and its prospects for growth will be impaired, which could have a material adverse effect on the Group's business, financial condition and results of operations.

Risks related to the financial information of the Group

The consolidated financial statements of the Issuer for the year ended 31 December 2013 and 2012 are presented in accordance with the International Financial Reporting Standards as adopted by the European Union ("IFRS-EU"). New International Financial Reporting Standards together with their interpretations had been issued at the date of preparation of the 31 December 2013 and 2012 audited consolidated financial statements, which became effective after 31 December 2013. Although in some cases the European Union permits early adoption before these regulations come into force, the Issuer did not early adopt the mentioned standards as of 31 December 2013 and 2012. Under IFRS-EU, some of these new standards apply since 1 January 2014.

The Issuer believes that one of the amendments to the IFRS-EU in particular will have a material impact on its consolidated financial statements. This is IFRS 11 *Joint Arrangements* which outlines the accounting by entities that jointly control an arrangement. Joint control involves the contractually agreed sharing of control and arrangements subject to joint control are classified as either a joint venture (representing a share of net assets and equity accounted) or a joint operation (representing rights to assets and obligations for liabilities, accounted for accordingly). The core principle of IFRS 11 is that a party to a joint arrangement shall determine the type of joint arrangement in which it is involved by assessing its rights and obligations and accounts for those rights and obligations in accordance with that type of joint arrangement.

The main change of IFRS 11 with respect to the previous accounting standard is in relation to joint ventures, as this arrangement will now be accounted by the equity method, while before the accounting standard allowed to opt between the equity method and the proportionate consolidation method. The Issuer used to account joint ventures using the proportionate consolidation method but if IFRS 11 were to be applied to the consolidated financial statements for the year ended 2013, the directors of the Issuer believe, on the basis of a preliminary analysis, that the following lined items would have been reduced by: revenues € 383 million, operating income € 58 million, assets € 1,563 million and net debt € 675 million.

In relation to the unaudited interim consolidated financial information of the Issuer for the three month period ended 31 March 2014, the financial information for the three month period ended 31 March 2013 has been re-expressed on a like-for-like basis for the information to be consistent between reporting periods. The main implications as of 31 March 2013 are the following: revenues and EBITDA decreased by € 84 million and € 47 million respectively, assets decreased by € 1,089 million and net debt decreased by € 757 million.

Liquidity and availability of funding risks

The Group has significant construction and capital expenditure requirements and the recovery of the capital investment in its business occurs over a substantial period of time. For this reason, the Group must be able to secure significant levels of financing to be able to continue its operations. The Group manages liquidity risk prudently by ensuring that it has sufficient cash and marketable securities and by arranging committed credit facilities for amounts sufficient to cater for its projected requirements.

To date, the Group has been able to secure adequate financing on acceptable terms, particularly through bank borrowing, though it can give no assurance that it will be able to continue to secure financing on acceptable terms, or at all, in the future. As recent experience has evidenced, financial markets can be subject to periods of volatility and shortages of liquidity. If the Group is unable to access the capital markets or other sources of

finance at competitive rates for a prolonged period, its cost of financing may increase and its strategy may need to be reassessed, which could have a material adverse effect on the Group's business, financial condition and results of operations.

In addition to obtaining new funding, the Group may seek to refinance its existing debt. The Group can give no assurance of the availability of financing on acceptable terms to refinance its existing indebtedness. If new financing is not available or proves more expensive than in the past, its business, financial condition and results of operations may be materially adversely affected.

Interest rate risk

Interest rate risk is particularly important in relation to the financing of infrastructure projects, concession arrangements, construction of wind farms or solar facilities and other projects in which the project's cash flows and profitability are affected by possible changes in interest rates. The reference interest rate for the Group's borrowing is mainly Euribor for transactions denominated in euro, and Libor for transactions denominated in U.S. dollars. The borrowings arranged for projects in Latin America are normally tied to the Libor, as many transactions are US\$-denominated, or to local indexes customarily used in the local banking industry.

The Group uses derivatives to actively manage the interest rate risk and minimise its impact. The level of debt hedged in each project depends on the type of project and the country in which the investment is made. Should the policies implemented by the Group to mitigate the adverse effects caused by interest rate fluctuations prove to be inadequate, this could have a material adverse effect on the Group's business, financial condition and results of operations.

Procurement price risk

Acciona Group is exposed to fluctuations in the price of procurements, mainly fuel in its maritime transportation business and, to a lesser degree, raw materials in its biofuel production business, when such fluctuations cannot be passed on to its customers. Most fuel purchase transactions are carried out in international markets.

Fluctuations in procurement prices are managed over the short and medium term through specific hedging transactions, generally using derivatives. Should the policies implemented by the Group to mitigate the adverse effects caused by fluctuations in the price of procurements prove to be inadequate, this could have a material adverse effect on the Group's business, financial condition and results of operations.

Risks in relation to the energy division of Acciona Group

Need for governmental and local support to the renewable energy business industry

The renewable energy business industry, including the promotion, construction and operation of wind farms and other energy plants and facilities and the production of biofuels depends, to a significant extent, on the continued availability of attractive levels of governmental and local support.

A number of factors could result in the reduction or discontinuation of government subsidies and incentives for renewable energy in the different jurisdictions in which the Group operates its business:

- Pressure to improve the competitiveness of renewable energy products. To guarantee its long-term future, the renewable energy industries must become able to compete on a non-subsidised basis between them and with conventional energy sources in terms of cost and efficiency per watt of electricity generated. The current levels of government support for renewable energy are generally intended to grant the industry a 'grace period' to reduce the cost per kilowatt-hour of electricity generated through technological advances, cost reductions and process improvements. Consequently,

and as generation costs decrease, this level of government support is likely to be gradually phased out, as has occurred recently in Spain.

In the medium to long term, a gradual but significant reduction of the tariffs, premiums and incentives for renewable energies is foreseeable in certain markets. If these reductions occur, market participants, including the Group, may need to reduce prices to remain competitive with conventional and other renewable energy sources. If cost reductions and product innovations do not occur, or occur at a slower pace than required to achieve the necessary price reductions, this could have a material adverse effect on the Group's business, financial condition and results of operations.

- Political developments. Changes in government, changes in energy policy, the need to reduce public deficit and public debt in Spain or other European countries where both are high, or other political developments, could lead to deterioration in the conditions for support for renewable energies. For example, policy changes could result in government support being switched, in whole or in part, to more favoured or less developed renewable energy sources or away from renewable energy generation to energy saving initiatives. Any such developments or changes could have an adverse effect on the Group's renewable energy business.
- Legal challenges. Subsidy regimes for renewable energy generation have been challenged on constitutional and other grounds (such as claiming that they constitute impermissible EU state aid) in certain jurisdictions in the past. If all or part of the subsidy and incentive regimes for renewable energy generation in Spain or in any other jurisdiction in which the Group operates its business were found to be unlawful and, therefore, were reduced or discontinued, the Group may be unable to compete effectively with conventional and other renewable forms of energy.

Recent changes in the regulatory framework applicable to the business of the energy division in Spain

The Group obtains a significant portion of its revenues in the renewable energy business, from the construction, development and operation of wind power plants and the marketing of the generated electricity. As of 31 December 2013, approximately 67% of the attributable energy produced by the Group during 2013 has been generated by its energy division in Spain.

In recent times, Spain has approved a series of legal measures aimed to ensure the sustainability and financial stability of the electricity sector. On 12 July 2013, the Spanish Government approved a new regulation on the remuneration framework for the support of renewable energies in Spain ("**Royal Decree-Law 9/2013**"). The new regulation provides that renewable energy facilities (including new facilities and those in operation at the time the new regulation came into force) shall receive, in addition to the remuneration that they obtain from the sale in the market of the energy that they produce, a specific remuneration, calculated by power unit installed, to cover, where applicable, the investment costs of a standard facility that cannot be recovered through the sale of the energy that it generates in the market and the difference between the operating costs of a standard facility and the revenues that said standard facility can obtain selling its energy in the market. This new specific remuneration seeks not to exceed the amounts necessary to cover the specific costs of these facilities and to enable them to compete on an equal footing with the other technologies operating in the energy market obtaining a reasonable return during the estimated lifetime of the facilities. Royal Decree-Law 9/2013 provides that this reasonable return shall initially be calculated by reference to the average yield in the secondary market of the ten-year Spanish bond before taxes plus a spread of 300 basis points, which will be periodically reviewed.

This new legal framework, which began with Royal Decree Law 9/2013, is regulated by Law 24/2013, of 26 December, on the Electricity Sector ("**Law 24/2013**") which derogates Law 54/1997, on the Electricity Sector

and ratifies the remuneration criteria contained in Royal Decree Law 9/2013. Law 24/2013 has been developed by Royal Decree 413/2014, of 6 June, that regulates the production of electricity from renewable energy sources, cogeneration and waste, which has in turn been subsequently developed by the Ministerial Order IET/1045/2014, of 16 June, which approves the remuneration parameters for standard plants that will apply to certain renewable-energy, cogeneration and waste-to-energy generation plants (“**Order IET/1045/2014**”).

According to Order IET/1045/2014, renewable-energy, cogeneration and waste-to-energy plants will continue to receive supplementary income on top of the revenues they receive from the market until the end of their useful life provided that these plants have not previously reached that rate of return. It also establishes the regulatory useful life applicable to each standard plant and quantifies the initial value of investment. These parameters cannot be subsequently reviewed.

The Group prepared its audited consolidated financial statements for the financial year ended 31 December 2013 based on the parameters of Royal Decree-Law 9/2013 and a draft of the text of Order IET/1045/2014, as at that time the Order had not been approved yet. The application of these parameters has had a significant negative impact on the business, financial condition and results of operations of the Group as of 31 December 2013, as described in “*Description of the Issuer – Business overview and Main activities of Acciona Group – Energy*”).

The Issuer believes that the Order IET/1045/2014 does not vary significantly from the draft text taken into account for the preparation of the consolidated financial statements for the financial year ended 31 December 2013 and its effect on these financial statements was already accounted. The Issuer does not expect the new regulation causing a further negative impact.

Construction of new facilities may be adversely affected by factors commonly associated with such projects

The development, construction and operation of wind farms and other power plants and renewable energy facilities can be time-consuming and highly complex. In connection with the development of such facilities, the Group must generally obtain government permits and approvals and sufficient equity capital and debt financing, as well as enter into land purchase or leasing agreements, equipment procurement and construction contracts, operation and maintenance agreements, etc. Factors that may affect the Issuer's ability to construct new facilities include, among others:

- delays in obtaining regulatory approvals, including environmental permits;
- shortages or changes in the price of equipment, materials or labour;
- adverse changes in the political and/or regulatory environment in the countries where the Group operates;
- adverse weather conditions, which may delay the completion of power plants or substations, or natural disasters, accidents or other unforeseen events; and
- the inability to obtain financing at satisfactory rates.

Any of these factors may cause delays in completion or commencement of operations of the Group's construction projects and may increase the cost of envisaged projects. If the Group is unable to complete the envisaged projects, the costs incurred in connection with such projects may not be recoverable which may have an adverse effect on the Group's business, financial condition and results of operations.

Exposure to fluctuations in market electricity prices

In several countries in which the Group operates, including Spain, renewables-based electricity production is subject to regulations that authorise to sell the electricity freely at market prices. In those cases where the Group selects or is required to choose this option, it assumes the consequent exposure to price fluctuations in the electricity market. However, either these prices are partially determined by reference to regulated tariffs (premium, incentive and supplementary payment), which reduce significantly the long-term fluctuation risk, or the regulation provides for certain mechanisms that help mitigating such fluctuation risk.

There can be no assurance that market prices will remain at levels which enable the Group to maintain profit margins and desired rates of return on investment. A decline in market prices below anticipated levels could have a material adverse effect on the Group's business, financial condition and results of operations.

Risks in relation to the infrastructure and water divisions of Acciona Group

Decreases in the funds allocated to civil engineering projects

Current economic conditions have led to a sharp reduction in tenders for civil engineering works, including projects for the public sector. The civil engineering investments included in the annual budget for each of the countries where the Group is present or targeting depend principally on two factors: the government budgetary policy and the economic conditions existing at the time in each country. In Spain, for example, the current situation is characterised by a reduction in the market levels of tendered civil engineering works. A further decrease in the spending on development and execution of civil engineering projects by governments and local authorities could adversely affect the Group's business, financial condition and results of operations. The delay, suspension or cancellation of private sector projects may also adversely affect the Group's business, financial condition and results of operations.

Reductions in project procurement

The construction business is highly competitive. In the tendering stage of any civil engineering works, the Group competes against various groups and companies, including large construction groups or engineering companies that may have more experience, resources or local awareness than the Group does. Furthermore, these groups and companies may have greater resources, whether material, technical or financial, or may demand lower returns on investment and be able to present better technical or economic bids.

In these circumstances, the Group may be unable to secure contracts for new civil engineering projects in the geographical areas in which we operate or be obliged to accept the execution of certain projects with lower returns than those obtained in the past. If the Group is unable to obtain sufficient contracts for new civil engineering projects or can only do it under less favourable terms, these circumstances could have a material adverse effect on the Group's business, financial condition and results of operations.

Construction projects may be delayed or exceed their budget

All large-scale construction projects entail certain risks, such as shortages and the increased costs of materials, machinery and labour. Any failure by contractors and sub-contractors to meet the agreed deadlines and budgets, and any interruptions arising from adverse weather conditions or unexpected technical or environmental difficulties, may cause delays and excess construction costs. Construction agreements with contractors and sub-contractors tend to include contractor and sub-contractor liability clauses to cover these situations, although they may not cover all losses. Additionally, if there are delays, the Group may face a reduction of revenues, penalties and even termination of construction contracts, any of which could have a material adverse effect on the Group's business, financial condition and results of operations.

Additional risks in relation to Acciona Group's water division

Liability for environmental damages

The Group's water division develops and manages desalination plants, wastewater treatment plants, and infrastructures for the supply of drinking water and urban sanitation. In the event of malfunctions, certain discharges into the environment, environmental contamination or damages, these could result in significant liabilities being imposed for damages, clean up costs or penalties. The Group's insurance for environmental liability may not be sufficient or may not apply to any exposure to which it may be subject resulting from the type of environmental damage, and this could have a material adverse effect on the Group's business, financial condition and results of operations.

Adverse public reaction to water and industrial waste management facilities

Although the Group has not encountered major problems, it may face adverse public opinion to its water and waste recycling activities near inhabited areas, the expansion of such existing facilities or the construction of new facilities. These circumstances could result in restrictions to the current activities of the Group or its plans for future expansion, which could adversely affect its business, financial condition and results of operations.

Risks in relation to the Notes

The Notes may not be a suitable investment for all investors

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased by potential investors as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks in relation to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features.

Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of its investment.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Notes subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Risks in relation to the Notes generally

Modification, waivers and substitution

The Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority. The Conditions provide that the Issuer may, without the consent of Noteholders, substitute for itself as principal debtor under any Notes another company.

The Issuer may redeem the Notes for tax reasons

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of

the Kingdom of Spain or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions.

Change of law

The Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg and investors will have to rely on their procedures for transfer, payment and communication with the Issuer

Notes issued under the Programme may be represented by one or more Global Notes. The Global Notes will be deposited with a common depositary or common safekeeper for Euroclear and/or Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive Definitive Notes. Euroclear and/or Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes.

While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and/or Clearstream, Luxembourg and the Issuer will discharge its payment obligations under such Notes by making payments to the common depositary or, in the case of Global Notes in New Global Note form, the common service provider for Euroclear and/or Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and/or Clearstream, Luxembourg to receive payments under their relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

Holders of beneficial interests in the Global Notes will not have a direct right to take enforcement action against the Issuer under the relevant Notes but will have to rely upon their rights under the Deed of Covenant (as defined below).

Risks in relation to the market generally

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls for investors

The Issuer will pay principal and interest on the Notes in the Specified Currency (as defined in the Conditions). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the “**Investor's Currency**”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's

Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks for Fixed Rate Notes

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Risks in relation to Spanish taxation

Article 44 of RD 1065/2007, as amended by the RD 1145/2011, sets out the reporting obligations applicable to preference shares and debt instruments issued under Law 10/2014. The procedures apply to interest deriving from preference shares and debt instruments to which Law 10/2014 refers, including debt instruments issued at a discount for a period equal to or less than twelve months.

According to the literal wording of Article 44.5 of RD 1065/2007, income derived from securities originally registered with the entities that manage clearing systems located outside Spain, and are recognised by Spanish law or by the law of another OECD country will be paid free of Spanish withholding tax provided that the relevant paying agent submits to the relevant issuer a statement with the following information: (a) identification of the securities; and (b) total amount of the income corresponding to each clearing system located outside Spain. These obligations refer to the total amount paid to investors through each foreign clearing house. For these purposes, "income" means interest and the difference, if any, between the aggregate amount payable on the redemption of the Notes and the issue price of the Notes".

On 2 July 2014 the Issuer and The Bank of New York Mellon, London Branch (the "**Fiscal Agent**") will enter into a fiscal agency agreement (the "**Agency Agreement**") where they have arranged certain procedures to facilitate the collection of information concerning the Notes.

In accordance with Article 44 of RD 1065/2007 as amended by RD 1145/2011, the Fiscal Agent should provide the Issuer with the above statement, in the form attached to the Agency Agreement, on the business day immediately prior to each interest payment date. The statement must reflect the situation at the close of business of that same day. In the event that on such date, the entity(ies) obliged to provide the declaration fail to do so, the relevant Issuer or the Paying Agent on its behalf will make a withholding at the general rate (currently 21 per cent.) on the total amount of the return on the relevant Notes otherwise payable to such entity and will not gross up payments in respect of any such withholding tax.

However, the Spanish Tax Authorities may eventually issue a tax ruling to clarify the interpretation of the currently applicable procedures and it cannot be completely discarded that such ruling determines that the relevant Issuer, that is tax resident in Spain, should apply a withholding on payments to individuals with tax residence in Spain. If this were the case, identification of Noteholders may be required and the procedures, if

any, for the collection of relevant information will be applied by the relevant Issuer so that it can comply with its obligations under the applicable legislation as clarified by the Spanish Tax Authorities. Neither the Issuer, the Arranger nor the Dealers assume any responsibility therefore.

In the case of Notes held by Spanish resident individuals and deposited with a Spanish resident entity acting as depositary or custodian, payments in respect of the Notes may be subject to withholding by such depositary or custodian, currently at a 21 per cent. rate.

EU Savings Directive

If a payment were to be made or collected through a Member State which has opted for a transitional withholding system as referred to below under “*Taxation – EU Savings Directive*” and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to the Notes as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by a paying agent, the Issuer will be required to maintain a paying agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

U.S. Foreign Account Tax Compliance Withholding Act

Whilst the Notes are in global form and held by or on behalf of Euroclear and Clearstream Luxembourg (the “**ICSDs**”), in all but the most remote circumstances, it is not expected that Sections 1471 through 1474 of the U.S. Internal Revenue Code or regulations and other authoritative guidance thereunder (FATCA) will affect the amount of any payment received by the clearing systems.

However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding and the relevant Notes are treated, for U.S. federal tax purposes, either as equity instruments or as issued, or materially modified, on or after the later of (i) 1 July 2014 or (ii) the date that is six months after the publication of final regulations defining the term “foreign passthru payments” for the purposes of FATCA.

FATCA may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free FATCA withholding, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Prospective investors should choose custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Prospective investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them.

Pursuant to the terms and conditions of the Notes, the Issuer’s obligations under the Notes are discharged once it has paid the common depositary or common safekeeper for the ICSDs (as holder of the Notes). The Issuer has no responsibility for any amount transmitted thereafter through the ICSDs and custodians or intermediaries and consequently, pursuant to Condition 8, it will not be required to pay additional amounts should FATCA withholding apply.

The proposed European financial transactions tax

The European Commission has published a proposal for a Directive for a common financial transaction tax (“**FTT**”) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Risks in Relation to the Spanish Insolvency Law

Law 22/2003, of 9 July 2003, as amended (the “**Spanish Insolvency Law**”) provides, among other things, that: (i) any claim may become subordinated if it is not included in the company's accounts or otherwise reported to the insolvency administrators within one month from the last official publication of the court order declaring the insolvency, (ii) provisions in a contract granting one party the right to terminate on the other's insolvency may not be enforceable, and (iii) interest shall cease to accrue as from the date of the declaration of insolvency and any amount of interest accrued up to such date and unpaid shall become subordinated. Should the Issuer be declared insolvent, the application of these and other provisions of the Spanish Insolvency Law would affect the ability of investors to receive payments under the Notes.

Risks Relating to the Commissioner

Under Spanish law, the Issuer is required to appoint a commissioner (*comisario*) (the “**Commissioner**”) in relation to each issue of Notes. The Commissioner owes certain obligations to the Syndicate of Noteholders (as described in the Agency Agreement). However, investors should note that the Commissioner will be an individual appointed by the Issuer and that such individual may also be an employee or officer of the Issuer.

A. /N. V. (“**Euroclear**”) and/or Clearstream Banking, société anonyme, Luxembourg (“**Clearstream, Luxembourg**”) and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the “**ECB**”) announced that Notes in NGN form are in compliance with the “Standards for the use of EU securities settlement systems in ESCB credit operations” of the central banking system for the euro (the “**Eurosystem**”), provided that certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

The relevant Final Terms will also specify whether United States Treasury Regulation §1. 163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”) or United States Treasury Regulation §1. 163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”) are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being “Temporary Global Note exchangeable for a Permanent Global Note”, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U. S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U. S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (iv) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (v) receipt by the Fiscal Agent of a certificate or certificates of non-U. S. beneficial ownership,

within 7 days of the bearer requesting such exchange.

The principal amount of the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U. S. beneficial ownership; provided however that in no circumstances shall the principal amount of the Permanent Global Note exceed the initial principal amount of the Temporary Global Note.

The Permanent Global Note will be exchangeable in whole, but not in part, for Notes in definitive form (“**Definitive Notes**”):

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies “in the limited circumstances described in the Permanent Global Note”, then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 10 (*Events of Default*) occurs.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being “Temporary Global Note exchangeable for Definitive Notes” and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being “Temporary Global Note exchangeable for Definitive Notes” and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U. S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U. S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being “Permanent Global Note exchangeable for Definitive Notes”, then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 10 (*Events of Default*) occurs.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under “Terms and Conditions of the Notes” below and the provisions of the relevant Final Terms which complete those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under “Overview of Provisions Relating to the Notes while in Global Form” below.

Legend concerning United States persons

In the case of any Tranche of Notes having a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code.”

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes in definitive form issued under the Programme. All capitalised terms that are not defined in these Conditions will have the meanings given to them in Part A of the relevant Final Terms. Those definitions will be endorsed on the Definitive Notes. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued pursuant to an Agency Agreement (as amended or supplemented as at the Issue Date, the “**Agency Agreement**”) dated 2 July 2014 between the Issuer, The Bank of New York Mellon, London Branch as fiscal agent and the other agents named in it and with the benefit of a deed of covenant (as amended or supplemented as at the Issue Date, the “**Deed of Covenant**”) dated 2 July 2014 executed by the Issuer in relation to the Notes. The fiscal agent, the paying agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the “Fiscal Agent”, the “**Paying Agents**” (which expression shall include the Fiscal Agent) and the “**Calculation Agent(s)**”. The Noteholders (as defined below), the holders of the interest coupons (the “**Coupons**”) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) are deemed to have notice of all of the provisions of the Agency Agreement applicable to them. If so required by Spanish law, the Issuer will execute a public deed (*escritura pública*) (the “**Public Deed**”) before a Spanish Notary Public in relation to the Notes and will register such Public Deed with the Mercantile Registry of Madrid on or prior to the Issue Date of the Notes. The Public Deed will contain, among other information, the terms and conditions of the Notes.

As used in these terms and conditions (the “**Conditions**”), “**Tranche**” means Notes which are identical in all respects.

Copies of the Agency Agreement and the Deed of Covenant are available for inspection during normal business hours at the specified offices of each of the Paying Agents.

1 Form, Denomination and Title

The Notes are issued in bearer form in each case in the Specified Denomination(s) shown hereon, provided that in the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum Specified Denomination shall be euro 100,000 (or its equivalent in any other currency as at the date of issue of those Notes).

This Note is a Fixed Rate Note, a Floating Rate Note or a combination of any of the foregoing, depending upon the Interest and Redemption/Payment Basis shown hereon.

Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached. Title to the Notes, Coupons and Talons shall pass by delivery. Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

In these Conditions, “**Noteholder**” means the bearer of any Note, “**holder**” (in relation to a Note, Coupon or Talon) means the bearer of any Note, Coupon or Talon and capitalised terms have the

meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

2 No Exchange of Notes

Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

3 Status

The Notes and Coupons relating to them constitute (subject to Condition 4) unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuer under the Notes and the Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 4, at all times rank at least equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer, present and future.

Interest on the Notes accrued but unpaid as at the commencement of any insolvency proceeding (concurso) relating to the Issuer under Spanish law shall thereupon constitute subordinated obligations of the Issuer ranking below its unsecured and unsubordinated obligations. Under Spanish law, no further interest on the Notes shall be deemed to accrue from the date of any declaration of insolvency.

4 Negative Pledge

So long as any Note or Coupon remains outstanding (as defined in the Agency Agreement), the Issuer will not create or permit to subsist, and will ensure that none of its Principal Subsidiaries will create or permit to subsist, any mortgage, charge, lien, pledge or other security interest other than any arising by operation of law (each a “**Security Interest**”) upon the whole or any part of its present or future undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness or to secure any guarantee or indemnity in respect of any Relevant Indebtedness, unless in any such case:

- (A) before or at the same time as the creation of the Security Interest, any and all action necessary shall have been taken to ensure that:
 - (i) all amounts payable by the Issuer under the Notes are secured equally and rateably with the Relevant Indebtedness or guarantee or indemnity, as the case may be; or
 - (ii) such other Security Interest or guarantee or other arrangement (whether or not including the giving of a Security Interest) is provided in respect of all amounts payable by the Issuer under the Notes as shall be approved by a resolution of the Syndicate of Noteholders (as defined in Condition 11); or
- (B) the Security Interest is to secure any Relevant Indebtedness (or any guarantee or indemnity in respect of such Relevant Indebtedness) of a Principal Subsidiary, being an entity that became a Subsidiary after the Issue Date, so long as:
 - (i) such Security Interest was outstanding on the date on which such Principal Subsidiary became a Subsidiary and was not created in contemplation of such Principal Subsidiary becoming a Subsidiary or such Security Interest was created in substitution for or to replace either such outstanding Security Interest or any such substituted or replacement Security Interest; and

- (ii) the principal amount of the Relevant Indebtedness (or any guarantee or indemnity in respect of such Relevant Indebtedness) is not increased after the date that such Principal Subsidiary became a Subsidiary.

5 Interest and other Calculations

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(e).

(b) Interest on Floating Rate Notes

- (i) Interest Payment Dates: Each Floating Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(e). Such Interest Payment Date(s) is/are either shown hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) Business Day Convention: If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.
- (iii) Rate of Interest for Floating Rate Notes: The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner

specified hereon and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon;
- (y) the Designated Maturity is a period specified hereon; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

- (x) Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (y) if the Relevant Screen Page is not available or, if sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (x)(2) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels

time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and (z) if paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(c) *Accrual of Interest*

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(d) *Margin, Maximum/Minimum Rates of Interest and Redemption Amounts and Rounding*

- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin subject always to the next paragraph;

- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified hereon, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be; or (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 of a percentage point being rounded up), (y) all figures shall be rounded to seven significant figures (with 0.000005 of a percentage point being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with half a unit being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “**unit**” means the lowest amount of such currency that is available as legal tender in the countries of such currency.

(e) *Calculations*

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(f) *Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts*

The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or

shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(g) *Definitions*

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“**Business Day**” means:

- (i) in the case of a currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency; and/or

(i) Calculation Agent

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them hereon and for so long as any Note is outstanding (as defined in the Agency Agreement). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or financial institution engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

6 Redemption, Purchase and Options

(a) Final Redemption

Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount.

(b) Early Redemption

The Early Redemption Amount payable in respect of any Note, upon redemption of such Note pursuant to Condition 6(c), Condition 6(d) or Condition 6(e) or upon it becoming due and payable as provided in Condition 10, shall be the Final Redemption Amount unless otherwise specified hereon.

(c) Redemption for Taxation Reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, on any Interest Payment Date (if this Note is a Floating Rate Note) or, at any time, (if this Note is not a Floating Rate Note), on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable), at their Early Redemption Amount (as described in Condition 6(b) above) (together with interest accrued to the date fixed for redemption), if (i) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of Spain or, in each case, any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on

which agreement is reached to issue the first Tranche of the Notes, and (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due. Prior to the publication of any notice of redemption pursuant to this Condition 6(c), the Issuer shall deliver to the Fiscal Agent a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

(d) Redemption at the Option of the Issuer

If Call Option is specified hereon, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified hereon) redeem, all or, if so provided, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount specified hereon (which may be the Early Redemption Amount (as defined in Condition 6(b) above)) together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified hereon and no greater than the Maximum Redemption Amount to be redeemed specified hereon.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

(e) Redemption at the Option of Noteholders

If Put Option is specified hereon, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified hereon) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option the holder must deposit such Note (together with all unmatured Coupons and unexchanged Talons) with any Paying Agent, together with a duly completed option exercise notice ("**Exercise Notice**") in the form obtainable from any Paying Agent within the notice period. No Note so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(f) Purchases

The Issuer and any of its Subsidiaries (as defined in Condition 4) may at any time purchase Notes (provided that all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(g) *Cancellation*

All Notes purchased by or on behalf of the Issuer or any of its Subsidiaries may be surrendered for cancellation by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent and, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

7 Payments and Talons

(a) *Method of Payment*

Payments of principal and interest in respect of Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Notes (in the case of all payments of principal and, in the case of interest, as specified in Condition 7(e)(v)) or Coupons (in the case of interest, save as specified in Condition 7(e)(v)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. “**Bank**” means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System.

(b) *Payments in the United States*

Notwithstanding the foregoing, if any Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(c) *Payments Subject to Laws*

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment, but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(d) *Appointment of Agents*

The Fiscal Agent, the Paying Agents and the Calculation Agent initially appointed and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents and the Calculation Agent(s) act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) Paying Agents having specified offices in at least two major European cities, (iv) such other agents as may be required by any other stock

exchange on which the Notes may be listed and (vii) a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to any law implementing European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Notes denominated in U.S. dollars in the circumstances described in paragraph (b) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders.

(e) Unmatured Coupons and unexchanged Talons

- (i) Upon the due date for redemption of Notes which comprise Fixed Rate Notes, those Notes should be surrendered for payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).
- (ii) Upon the due date for redemption of any Note comprising a Floating Rate Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note representing it, as the case may be.

(f) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if

necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(g) Non-Business Days

If any date for payment in respect of any Note or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as “**Financial Centres**” hereon and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) which is a TARGET Business Day.

8 Taxation

All payments of principal and interest by or on behalf of the Issuer in respect of the Notes and the Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within Spain or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, the Issuer shall pay such additional amounts as shall result in receipt by the Noteholders and the Couponholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (A) to, or to a third party on behalf of, a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with Spain other than the mere holding of the Note or Coupon;
- (B) presented for payment more than 30 days after the Relevant Date except to the extent that the holder of such Note or Coupon would have been entitled to such additional amounts on presenting it for payment on the expiry of such period of 30 days;
- (C) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC, as amended from time to time, or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive;
- (D) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent in a Member State of the European Union;
- (E) to, or to a third party on behalf of, a Noteholder if the Issuer does not receive any relevant information as may be required in order to comply with Spanish tax disclosure obligations applicable at that time; or
- (F) to, or to a third party on behalf of, a Spanish resident legal entity subject to Spanish Corporate Income Tax, if the Spanish tax authorities determine that the Notes do not comply with the

exemption requirements specified in the General Directorate for Taxation's ruling of 27 July 2004 and require a withholding to be made.

- (G) to, or to a third party on behalf of, a holder who would have been able to avoid such deduction or withholding by presenting a certificate of tax residence and /or such other document evidencing its tax residence required by the competent authorities;
- (H) where such withholding or deduction is required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the "Code") or otherwise imposed pursuant to Section 1471 through 1474 of the Code (including any regulations or official interpretations issued, agreements (including, without limitation, intergovernmental agreements) entered into or non-U.S. laws enacted with respect thereto).

As used in these Conditions, "**Relevant Date**" in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) "principal" shall be deemed to include any premium payable in respect of the Notes, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) "**interest**" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) "**principal**" and/or "**interest**" shall be deemed to include any additional amounts that may be payable under this Condition.

9 Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

- (B) the Issuer does not perform or comply with any one or more of its other obligations in respect of the Notes, which default is incapable of remedy or is not remedied within 30 calendar days

- (i) “**Commissioner**” means the commissioner (*comisario*) as this term is defined under the Spanish Mercantile Companies Law (Ley de Sociedades de Capital) of each Syndicate of Noteholders; and

- (ii) “**Syndicate of Noteholders**” means the syndicate (*sindicato*) as this term is described under the Spanish Companies Law (*Ley de Sociedades de Capital*).

Noteholders shall, by virtue of purchasing and/or holding Notes, be deemed to have agreed to the appointment of the temporary Commissioner for the relevant Series specified hereon and to have become a member of the relevant Syndicate of Noteholders.

In accordance with Spanish law, a general meeting of the Syndicate of Noteholders shall be validly constituted upon first being convened provided that Noteholders holding or representing two-thirds of the Notes outstanding attend. If the necessary quorum is not achieved at the first meeting, a second general meeting may be convened to meet one month after the first general meeting and shall be validly constituted regardless of the number of Noteholders who attend. A resolution shall be passed by holders holding an absolute majority in nominal amount of Notes “present or duly represented” at any properly constituted assembly.

(b) *Modification of Agency Agreement*

The Issuer shall only permit any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

(c) *Notification to the Noteholders*

Any modification, waiver or authorisation in accordance with this Condition 11 shall be binding on the Noteholders and the Couponholders and shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 14.

(d) *Substitution*

The Issuer, or any previous substituted company, may at any time, without the consent of the Noteholders or the Couponholders, substitute for itself as principal debtor under the Notes, the Coupons and the Talons, any company (the “**Substitute**”) that is a Subsidiary (as defined in Condition 4) the Issuer, provided that no payment in respect of the Notes or the Coupons is at the relevant time overdue. The substitution shall be made by a deed poll (the “**Deed Poll**”), and may take place only if (i) the Substitute shall, by means of the Deed Poll, agree to indemnify each Noteholder and Couponholder against any tax, duty, assessment or governmental charge that is imposed on it by (or by any authority in or of) the jurisdiction of the country of the Substitute’s residence for tax purposes and, if different, of its incorporation with respect to any Note, Coupon, Talon or the Deed of Covenant and that would not have been so imposed had the substitution not been made, as well as against any tax, duty, assessment or governmental charge, and any cost or expense, relating to the substitution, (ii) the obligations of the Substitute under the Deed Poll, the Notes, Coupons, Talons and Deed of Covenant shall be unconditionally guaranteed by the Issuer by means of the Deed Poll and the relevant deed of guarantee, (iii) all action, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Deed Poll, the Notes, Coupons, Talons and Deed of Covenant represent valid, legally binding and enforceable obligations of the Substitute, and in the case of the Deed Poll and the relevant deed of guarantee have been taken, fulfilled and done and are in full force and effect, (iv) the Substitute shall have become party to the Agency Agreement, with any appropriate consequential amendments, as if it had been an original party to it, (v) legal opinions addressed to the Noteholders shall have been delivered to them (care of the Fiscal Agent) from a lawyer or firm of lawyers with a leading securities practice in each jurisdiction referred to in (i) above and in England as to the

fulfilment of the preceding conditions of this paragraph (iii) and the other matters specified in the Deed Poll and (vi) the Issuer shall have given at least 14 days' prior notice of such substitution to the Noteholders, stating that copies, or pending execution the agreed text, of all documents in relation to the substitution that are referred to above, or that might otherwise reasonably be regarded as material to Noteholders, shall be available for inspection at the specified office of each of the Paying Agents. References in Condition 10 to obligations under the Notes shall be deemed to include obligations under the Deed Poll, and, where the Deed Poll contains a guarantee, the events listed in Condition 10 shall be deemed to include that guarantee not being (or being claimed by the guarantor not to be) in full force and effect.

12 Replacement of Notes, Coupons and Talons

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Fiscal Agent upon payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Coupons or further Coupons) and otherwise as the Issuer or the Fiscal Agent may require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

13 Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes having the same terms and conditions as the Notes (in all respects except for the first payment of interest thereon) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “Notes” shall be construed accordingly.

14 Notices

Notices to the holders of Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the Financial Times). The Issuer shall also ensure that all notices are duly published in a manner which complies with the rules and regulations of any stock exchange, multi-lateral trading facility or other relevant authority on which the Notes are for the time being listed and/or admitted to trading and, for so long as the Notes are admitted to trading in the regulated market of the Irish Stock Exchange, in accordance with its rules and regulations.

Any such notice shall be deemed to have been given on the date of such publication or, if published more than once, on the first date on which publication is made. If publication as provided above is not practicable, notice will be given in such other manner, and shall be deemed to have been given on such date, as the Fiscal Agent may approve.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Noteholders.

Copies of any notice given to any Noteholders will be also given to the Commissioner of the Syndicate of Noteholders of the relevant Series.

Notwithstanding the above, for so long as all the Notes are represented by a Global Note and the Global Note is held on behalf of Euroclear and/or Clearstream, Luxembourg, notices to Noteholders may be given by delivery of the relevant notice to Euroclear or Clearstream, Luxembourg and such

notices shall be deemed to have been given to Noteholders on the day of delivery to Euroclear and/or Clearstream, Luxembourg.

15 Currency Indemnity

Any amount received or recovered in a currency other than the currency in which payment under the relevant Note or Coupon is due (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the insolvency, winding-up or dissolution of the Issuer or otherwise) by any Noteholder or Couponholder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount in the currency of payment under the relevant Note or Coupon that the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If the amount received or recovered is less than the amount expressed to be due to the recipient under any Note or Coupon, the Issuer shall indemnify it against any loss sustained by it as a result. In any event, the Issuer shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it shall be sufficient for the Noteholder or Couponholder, as the case may be, to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder or Couponholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Note or Coupon or any other judgment or order.

16 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

17 Governing Law and Jurisdiction

(a) Governing Law:

Save as described below, the Agency Agreement (excluding Part A of Schedule 3, which shall be governed by and construed in accordance with Spanish law), the Deed of Covenant and the Notes, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law. Condition 3 and the provisions of Condition 11 relating to the appointment of the Commissioner and the Syndicate of Noteholders are governed by, and shall be construed in accordance with, Spanish law.

(b) Jurisdiction:

The Courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Coupons or Talons ("**Proceedings**") may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of the courts of England and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is made for the benefit of each of the holders of the Notes, Coupons and Talons and shall not affect the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

(c) *Service of Process:*

The Issuer irrevocably appoints Law Debenture Corporate Services Limited of Fifth Floor, 100 Wood Street, London, EC2V 7EX as its agent in England to receive, for it and on its behalf, service of process in any Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not, it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 14. Nothing shall affect the right to serve process in any manner permitted by law.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILST IN GLOBAL FORM

The following provisions apply to the Notes whilst they are in global form, some of which modify the effect of the Conditions.

Clearing system accountholders

Each Global Note will be in bearer form. Consequently, in relation to any Tranche of Notes represented by a Global Note, references in the Conditions of the Notes to “Noteholder” are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary, in the case of a CGN, or a common safekeeper, in the case of an NGN for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each an “**Accountholder**”) must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes and such obligations of the Issuer will be discharged by payment to the bearer of the Global Note.

Amendment to Conditions

Each Global Note will contain provisions which modify the Conditions of the Notes as they apply to the Global Note. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the Issuer shall procure that in respect of a CGN the payment is noted in a schedule thereto and in respect of an NGN the payment is entered pro rata in the records of Euroclear and Clearstream, Luxembourg.

Payment Business Day: In the case of a Global Note, shall be: if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or, if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Exercise of put option: In order to exercise the option contained in Condition 6(e) (*Redemption at the Option of Noteholders*) the bearer of the Permanent Global Note must, within the period specified in the Conditions for the deposit of the relevant Note and put notice, give written notice of such exercise to the Fiscal Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 6(d) (*Redemption at the Option of the Issuer*) in relation to some only of the Notes, the Permanent Global Note may be redeemed in part in the principal amount specified by the Issuer in accordance with the Conditions and the Notes to be redeemed will not be selected as provided in the Conditions but in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion).

Notices: So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note, except that, for so long as such Notes are admitted to trading in the regulated market of the Irish Stock Exchange all notices shall be published in a manner which complies with its rules and regulations.

DESCRIPTION OF THE ISSUER

Acciona, S.A. (the “**Issuer**”) is a Spanish limited liability company (*sociedad anónima*), subject to the Spanish Companies Law (*Ley de Sociedades de Capital*), that was incorporated on 17 June 1916 for an indefinite period. It is registered in the Mercantile Registry of Madrid at volume 30,116, sheet 120, page number M-216384. The registered address of the Issuer is in Parque Empresarial de la Moraleja, Avenida de Europa 18, Alcobendas (Madrid), Spain, and its telephone number is +34 91 663 28 50.

Acciona Group

The Issuer is the parent company of Acciona group (“**Acciona Group**” or the “**Group**”), an international leading player in the production, development and management of renewable energy, water and civil infrastructures with the minimum environmental impact.

The origins of the Issuer go back to the railway operating company Compañía de los Ferrocarriles de Medina del Campo a Zamora y de Orense a Vigo (MZOV), founded in 1862, which in 1978 merged with Cubiertas y Tejados, S.A., founded in 1916, to form Cubiertas y MZOV, S.A. This company merged in 1997 with Entrecanales Távora, S.A., a construction company specialised in large civil works founded in 1931, to form NECSO Entrecanales Cubiertas, S.A., later renamed Acciona, S.A. The Group is now present in more than 30 countries in 4 continents, with a workforce of more than 30,000 persons, and it is committed to contribute actively to social wellbeing and a sustainable development.

Business overview

Acciona Group operates in several industries with a particular focus in the areas of renewable energies, water and infrastructure, which, as of 31 December 2013, generated approximately 90.8% of the EBITDA of the Group. The production of energy, particularly wind power, and other energy related industrial and development activities, represented, alone, 79.7% of the EBITDA of the Group as of 31 December 2013.

The results of the Group for the year ended 31 December 2013 and the net assets as of the end of the year were significantly affected by a series of regulatory changes in Spain aimed to ensure the sustainability and financial stability of the Spanish electricity system (see “*Main activities of Acciona Group – Energy*”). These regulatory changes together, to a lesser extent, with other circumstances affecting the infrastructure and other businesses of the Group, reduced the EBITDA of the Group in 14%, to €1,228 million as of 31 December 2013 from €1,431 million as of 31 December 2012, and resulted in attributable losses of €1,972 million as of 31 December 2013 compared to an attributable profit of €189 million as of 31 December 2012.

Because of the regulatory changes affecting the energy business in Spain, the Group has had to re-evaluate and modify significantly its strategic business plan and, in particular, the international growth foresaw for the following years. The current investment plan of the energy business of the Group only considers those investments that are already committed (ongoing projects in South Africa, Costa Rica and Chile for an aggregate of 311.71 MWs), and does not contemplate for the time being additional investments.

The financial information included herein under “*Description of the Issuer*” has been extracted from the audited consolidated financial statements of the Issuer for the financial years ended 31 December 2013 and 31 December 2012. See “*Risk Factors – Risks in relation to the business of Acciona Group – Risks related to the financial information of the Group*” for a description of the impact of the enactment of new IFRS-EU on the financial information of the Issuer.

Organisational structure

The Group is currently organised into three divisions: (i) Energy, (ii) Infrastructures, water and services and (iii) Other businesses. This structure is the result of a business reorganisation that the Group underwent in January of this year to group the activities of infrastructure, water and services into one common and integrated international structure.

Before this business reorganisation, the Group was structured into five different divisions: Energy, Infrastructures, Water, Services and Other businesses, and reported its financial information in accordance with this structure. The consolidated financial statements of the Issuer for the year ended 31 December 2013 were prepared on this basis.

Main activities of Acciona Group

The following is a description of the main activities of Acciona Group as reflected in the consolidated financial statements of the Issuer for the year ended 31 December 2013, before the integration of the infrastructure, water and services activities into the same division.

Energy

The energy division of Acciona Group (“**Acciona Energy**”) is an international leader in the field of renewable energy sources. With more than 20 years of experience and a mix of several renewable technologies, it is present in more than 20 countries, with operational facilities in 14 of them.

The activities of Acciona Energy focus on wind power, being a leading player in the development, construction, operation and maintenance of wind power facilities for itself and its clients. It has presence in all the steps of the value chain, from the production of wind turbines with its own technology through its subsidiary, Acciona Windpower, S.A., to the development, construction and management of wind farms and the marketing of the generated electricity.

As of 31 December 2013, Acciona Energy had installed a total 8,672 MW of wind power in 296 parks located in 17 countries, with a total of 7,846 wind turbines. Of this figure, 7,139 MW are owned by the company (6,272 MW attributable) and 1,533 MW have been installed for clients.

66% of the wind power capacity owned by Acciona Energy is located in Spain and represents more than 20% of the total for the country. Wind farms overseas account for the remaining 34%.

In 2013, Acciona Energy produced 18,399 GWh from wind power, an increase of 5.9% from the previous year (attributable production in the same period was 15,998 GWh). Wind power represented 82% of the Group's power production for 2013 (80% of attributable production). 62% was produced in Spain and the remaining 38% in other countries.

Acciona Energy also has a significant presence in other renewable energy technologies: hydro, solar, thermal, photovoltaic and biomass and produces bio-fuels (biodiesel and bio-ethanol). It also owns cogeneration assets.

The activities of Acciona Energy include the marketing of energy through its subsidiary Acciona Green Energy Developments, S.L., which manages the sale of electricity produced at the Group's facilities in the market as well as to end clients. The company is also positioned as a provider of charging infrastructures for electric vehicles.

During 2013, the Group was significantly affected by a series of legal measures adopted in Spain to ensure the sustainability and financial stability of the electricity system. Law 15/2012, of 27 December 2012 ("**Law 15/2012**"), which entered into force on 1 January 2013, imposed a 7% sales tax on the income received from the sale of electricity produced in Spain, affecting all the plants of the Group in Spain. Additionally, Law 15/2012 imposed taxes on the use of continental waters to produce electricity and affected the remuneration of electricity produced with gas on solar thermo-electrical plants. More significantly for the Group, on 12 July 2013, the Spanish Government approved a new regulation on the remuneration framework for the support of renewable energies in Spain ("**Royal Decree-Law 9/2013**"), which came into effect on 14 July 2013. This remuneration framework was subsequently reproduced in Law 24/2013, of 26 December, on the Electricity Sector ("**Law 24/2013**") and has been recently further developed by means of Royal Decree 413/2014, of 6 June, that regulates the production of electricity from renewable energy sources, cogeneration and waste, and Order IET/1045/2014, of 16 June, which approves the remuneration parameters for standard plants that will apply to certain renewable-energy, cogeneration and waste-to-energy generation plants. As these regulations had not been approved at the time of preparation of the consolidated financial statements of the Issuer for the year ended 31 December 2013, in order to determine the remuneration for 2013, the Group applied the parameters set out in Royal Decree Law 9/2013, Law 24/2013 and in a draft Order prepared by the Ministry of Industry, Energy and Tourism developing the parameters of Royal Decree-Law 9/2013 and Law 24/2013 (for more information about this issue, see "*Risk Factors – Risk in relation to the energy division of Acciona Group – Recent changes in the regulatory framework applicable to the business of the energy division in Spain*").

The successive regulatory changes in Spain have had a significant impact in the results of the Energy division causing a goodwill deterioration of €870 million and requiring value impairments on the Spanish renewable assets of €563 million. As of 31 December 2013, the EBITDA of the Energy division amounted to €979 million, a decrease of 13% with respect to the figures as of 31 December 2012 (€1,125 million). The earnings

before taxes (EBIT) amounted to €7 million, a 96% decrease when compared with the €166 million obtained as of 31 December 2012.

Infrastructure

Acciona Infraestructuras, S.A. is the main entity of the infrastructure division of Acciona Group (“**Acciona Infrastructure**”) and the longest standing company in the Group. Firmly established in Spain, on an international level it is well established in strategic markets such as Poland, Brazil, Mexico, Chile, Canada and Australia. Acciona Infrastructure generated approximately 6.7% of the EBITDA of the Group as of 31 December 2013.

Acciona Infrastructure covers all aspects of construction, from engineering to project execution and maintenance. This includes the management of public works awards, especially in the area of transport (roads, motorways) and building construction, among which the most significant projects have been concessions awarded for hospital services and education centres.

The company works along two main lines of business: civil works and construction. Additionally, it has special construction support units, among which the most important units are the metal structures workshops, the machinery service, the infrastructure maintenance area, the facilities area and the engineering area, as well as various specialised auxiliary companies.

As of 31 December 2013, the EBITDA of the Infrastructure division totalled €82 million, a decrease of 50% in comparison to the figure as of 31 December 2012 (€163 million). The decrease was caused by losses registered in certain international works, particularly in Poland and Brazil.

Water

Acciona Agua, S.A. is the head of the water division of the Group (“**Acciona Agua**”), which focus on the treatment of water and desalination by reverse osmosis. It offers a full range of services in the integral water cycle, including the design, construction, development and management of desalination plants and waste water treatment plants, the supply of drinking water and sanitation of cities. Acciona Agua also operates water concessions. The water division generated approximately 4.4% of the EBITDA of the Group as of 31 December 2013.

As of 31 December 2013, the EBITDA of the Water division totalled €54 million, an increase of 31% in comparison to the figure as of 31 December 2012 (€41 million).

Services

The services division of Acciona Group (“**Acciona Service**”) is the division of the Group dedicated to provide facility services and management for both private and public-sector customers, including cleaning services for offices and commercial premises, ancillary services (help desks, telephone helplines, concierge, reception, etc.), technical assistance for building maintenance and installations, energy related services (energy efficiency studies, consumption optimization solutions, etc.), environmental services (maintenance of parks and green-space, irrigation systems, environmental monitoring, etc.), urban services (waste management, landfill management, assorted cleaning services, etc.), handling services (passenger services, cargo, ticket sales, finger services, etc.), production and design (events, exhibitions and museums), catering or security services, among others.

Other businesses

The Group provides other services such as asset management and brokerage services, through Bestinver, S.A.; transportation of passengers and goods through Compañía Trasmediterranea, S.A., which is one of Spain's leading shipping companies; or wine production, by Hijos de Antonio Barceló, S.A. In addition, this division also includes the real estate business of the Group.

Recent Developments

On 24 June 2014, the Issuer announced an agreement with Kohlberg Kravis Roberts & CO (together with its affiliates "KKR") for the transfer of one third interest in Acciona Energía Internacional, the international renewable energy generation business of Acciona Energy. Acciona Energía Internacional will group the operating renewable energy assets of Acciona Energy in 14 countries, including United States, Canada, Mexico, Australia, Chile, India, Italy, Portugal, Poland and South Africa, and will comprise 52 wind farms, 2 photovoltaic plants and one thermal plant, with a total installed capacity of 2.3GW. Acciona Energy will operate the assets of Acciona Energía Internacional for an initial period of 20 years.

The parties intend to promote an international public offering of the shares in a company holding all or part of these renewable energy assets and based on the execution of the initial public offering Acciona may receive up to €50 million extra as an earn-out consideration.

The purchase price of the transaction will amount to €417 million, subject to certain adjustments. The transaction is expected to close at the end of 2014 after completion of all condition precedents and obtaining the necessary regulatory authorisations.

TAXATION

The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of the Notes, and does not purport to deal with the tax consequences applicable to all categories of investors, some of whom may be subject to special rules. Prospective investors who are in any doubt as to their position should consult with their own professional advisers.

EU Savings Directive

Under EU Council Directive 2003/48/EC on the taxation of savings income, each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other Member State; however, for a transitional period, Austria and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. The Luxembourg government has announced its intention to elect out of the withholding system in favour of an automatic exchange of information with effect from 1 January 2015.

A number of non-EU countries, and certain dependent or associated territories of certain Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

On 15 April 2014, the Directive 2014/48/UE has been published in the Official Journal of the European Union (the “**Amending Directive**”) amending the Savings Directive, which, when implemented, will amend and broaden the scope of the requirements described above. In particular, the Amending Directive will materially broaden the circumstances in which information must be provided and/or tax withheld pursuant to the Savings Directive, and will require additional steps to be taken in certain circumstances to identify the beneficial owner of interest (and other income) payments, through a “look through” approach. The EU Member States will have until 1 January 2016 to adopt the national legislation necessary to comply with this Amending Directive although it will not be applicable until 1 January 2017. Investors should inform themselves of, and where appropriate take advice on, the impact of the Savings Directive and the Amending Directive on their investment.

If a payment were to be made or collected through an EU member state which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax.

Taxation in Spain

The following summary describes the main Spanish tax implications arising in connection with the acquisition and holding of the Notes by individuals or entities who are the beneficial owners of the Notes (the “**Noteholders**” and each a “**Noteholder**”).

All the tax consequences described in this section are based on the general assumption that the Notes are initially registered for clearance and settlement in Euroclear and Clearstream, Luxembourg.

Prospective purchasers of the Notes should consult their own tax advisors as to the tax consequences, including those under the tax laws of the country of which they are resident, of purchasing, owning and disposing of Notes.

The information provided below does not purport to be a complete summary of tax law and practice currently applicable in the Kingdom of Spain and is subject to any changes in law and the interpretation and application thereof, which could be made with retroactive effect.

1 Introduction

This information has been prepared in accordance with the following Spanish tax legislation in force at the date of this Base Prospectus:

- (a) of general application, First Additional Provision of Law 10/2014, of 26 June, on regulation, supervision and solvency of credit entities ("**Law 10/2014**"), as well as Royal Decree 1065/2007, of 27 July, approving the General Regulations of the tax inspection and management procedures and developing the common rules of the procedures to apply taxes, as amended by Royal Decree 1145/2011 of 29 July;
- (b) for individuals resident for tax purposes in Spain who are Personal Income Tax ("**PIT**") tax payers, Law 35/2006, of 28 November, on the PIT and on the partial amendment of the Corporate Income Tax Law, Non-Resident Income Tax Law and Wealth Tax Law, as amended (the "**PIT Law**"), and Royal Decree 439/2007, of 30 March approving the PIT Regulations which develop the PIT Law, as amended, along with Law 19/1991, of 6 June on Wealth Tax, as amended most recently by Law 22/2013, of 23 December 2013 ("**Law 22/2013**"), and Law 29/1987, of 18 December on Inheritance and Gift Tax, as amended;
- (c) for legal entities resident for tax purposes in Spain which are Corporate Income Tax ("CIT") taxpayers, Royal Legislative Decree 4/2004, of 5 March, promulgating the Consolidated Text of the CIT Law, as amended, and Royal Decree 1777/2004, of 30 July, promulgating the CIT Regulations, as amended (the "**CIT Regulations**"); and
- (d) for individuals and entities who are not resident for tax purposes in Spain which are Non-Resident Income Tax ("**NRIT**") taxpayers, Royal Legislative Decree 5/2004, of 5 March, promulgating the Consolidated Text of the NRIT Law, as amended and Royal Decree 1776/2004, of 30 July, promulgating the NRIT Regulations, as amended along with Law 19/1991, of 6 June, on Wealth Tax as amended and Law 29/1987, of 18 December, on Inheritance and Gift Tax, as amended.

Whatever the nature and residence of the Noteholder, the acquisition and transfer of the Notes will be exempt from indirect taxes in Spain, for example, exempt from Transfer Tax and Stamp Duty, in accordance with the consolidated text of such tax promulgated by Royal Legislative Decree 1/1993, of 24 September, and exempt from Value Added Tax, in accordance with Law 37/1992, of 28 December, regulating such tax.

2 Spanish tax resident individuals

2.1 Personal Income Tax (Impuesto sobre la Renta de las Personas Físicas)

Both interest periodically received and income deriving from the transfer of the Notes constitute a return on investment obtained from the transfer of own capital to third parties in accordance with the provisions of Section 25.2 of the PIT Law, and must be included in the PIT savings taxable base of each investor and taxed currently at 21 per cent for taxable income up to €6,000; 25 per cent for taxable income between €6,001 and €24,000, and 27 per cent for taxable income exceeding €24,000.

It should be noted that according to the draft tax reform announced by the Spanish Government on 20 June 2014 (subject to any subsequent amendments that may be eventually approved in the course of the relevant law-making process) it is currently expected that the aforementioned provisionally increased rates of 21-25-27 per cent would be removed from 01 January 2015 onwards and substituted by the following rates: (a) during 2015, income up to €6,000 would be taxed at the rate of 20 per cent; income between €6,001 and €50,000 would be taxed at the rate of 22 per cent., and any excess would be subject to a rate of 24 per cent; and (b) from 01 January 2016 onwards, income up to €6,000 would be taxed at the rate of 19 per cent; income between €6,001 and €50,000 would be taxed at the rate of 21 per cent., and any excess would be subject to a rate of 23 per cent .

As a general rule, both types of income may be subject to the corresponding withholding tax on account of Spanish PIT, at the applicable tax rate (currently 21 per cent.) (this rate also currently expected to be reduced to 20 per cent during 2015 and 19 per cent from 01 January 2016). However, article 44 of the RD 1065/2007, as amended by Royal Decree 1145/2011 of 29 July, establishes information procedures applicable to debt instruments issued under Law 10/2014 (which do not require identification of the Noteholders) under which interest payments will be paid by the Issuer to the Fiscal Agent free of withholding tax, provided that such information procedures are complied with, as described in “Disclosure Obligations in connection with payments on the Notes”.

Nevertheless, withholding tax at the applicable rate (currently 21 per cent, this rate also currently expected to be reduced to 20 per cent during 2015 and 19 per cent from 01 January 2016) may have to be deducted by other entities (such as depositaries or financial entities), provided that such entities are resident for tax purposes in Spain or have a permanent establishment in Spanish territory.

Amounts withheld, if any, may be credited by the relevant investors against their final PIT liability.

2.2 Wealth Tax (*Impuesto sobre el Patrimonio*)

According to Wealth Tax regulations as amended most recently by Law 22/2013 (subject to any exceptions provided under relevant legislation in each autonomous region (*Comunidad Autónoma*)), the net worth of any Spanish tax resident individuals in excess of €700,000 is subject to Wealth Tax in respect of tax year 2014.

Therefore, investors who are Spanish tax resident individuals should take into account the value of the Notes which they hold as at 31 December 2014 for the purposes of Spanish Wealth Tax, the applicable rates ranging between 0.2 per cent. and 2.5 per cent. (subject to any exceptions provided under relevant legislation in each autonomous region (*Comunidad Autónoma*)). Under Law 22/2013, Wealth Tax is scheduled to be removed from 01 January 2015.

2.3 Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)

Individuals resident in Spain for tax purposes who acquire ownership or other rights over any Notes by inheritance, gift or legacy will be subject to the Inheritance and Gift Tax in accordance with the applicable Spanish regional or State rules (subject to any regional tax exemptions being available to them). The applicable effective tax rates currently range between 7.65 per cent. and 81.6 per cent (subject to any specific regional rules), depending on relevant factors.

3 Spanish tax resident legal entities

3.1 Corporate Income Tax (*Impuesto sobre Sociedades*)

Both interest periodically received and income deriving from the transfer of the Notes must be included as taxable income of Spanish tax resident legal entities for Corporate Income Tax (“CIT”) purposes in accordance with the rules for this tax, being typically subject to the standard rate of 30 per cent (such standard

rate currently expected to be reduced to 28 per cent. for tax years commencing in 2015 and 25 per cent. for tax years commencing in 2016).

According to RD 1145/2011, the Issuer is not obliged to withhold any tax amount on interest payments made under the Notes provided that the new simplified information procedures (which do not require identification of the Noteholders) are complied with by the Fiscal Agent, as described in section “Disclosure Obligations in connection with Payments on the Notes”

Income derived from the transfer of the Notes shall not be subject to withholding tax as provided by Section 59(s) of the Corporate Income Tax Regulations, to the extent that the Notes satisfy the requirements laid down by the reply to the Directorate General for Taxation’s (Dirección General de Tributos) consultation, on 27 July 2004, indicating that in the case of issuances made by entities with tax residency in Spain (as in the case of each of the Issuers), application of the exemption requires that the Notes be placed outside Spain in another OECD country and traded on organised markets in OECD countries.

Amounts withheld, if any, may be credited by the relevant investors against their final CIT liability

3.2 Wealth Tax (*Impuesto sobre el Patrimonio*)

Legal entities are not subject to Wealth Tax.

3.3 Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)

Legal entities resident in Spain for tax purposes which acquire ownership or other rights over the Notes by inheritance, gift or legacy are not subject to the Inheritance and Gift Tax but must include the market value of the Notes in their taxable income for Spanish CIT purposes.

4 Individuals and legal entities tax resident outside Spain

4.1 Non-Resident Income Tax (*Impuesto sobre la Renta de No Residentes*)

(A) Acting through a permanent establishment in Spain

Ownership of the Notes by investors who are not resident for tax purposes in Spain will not in itself create the existence of a permanent establishment in Spain.

If the Notes form part of the assets of a permanent establishment in Spain of a person or legal entity who is not resident in Spain for tax purposes, the tax rules applicable to income deriving from such Notes shall be, generally, the same as those previously set out for Spanish CIT taxpayers.

(B) Not acting through a permanent establishment in Spain

Both interest payments periodically received and income deriving from the transfer, redemption or repayment of the Notes, obtained by individuals or entities who are not resident in Spain for tax purposes, and who are NRIT taxpayers with no permanent establishment in Spain, are exempt from NRIT, on the same terms laid down for income from public debt.

In order for the exemption to apply, it is necessary to comply with certain information obligations relating to the Notes, in the manner detailed under “Disclosure obligations in connection with payments on the Notes” as laid down in section 44 of Royal Decree 1065/2007, as amended by Royal Decree 1145/2011. If these information obligations are not complied with in the manner indicated, the Issuer will withhold 21 per cent (in principle also expected to be reduced to 20 per cent during 2015 and 19 per cent from 01 January 2016) and the Issuer will not pay additional amounts.

4.2 Wealth Tax (*Impuesto sobre el Patrimonio*)

Individuals resident in a country with which Spain has entered into a double tax treaty in relation to the Wealth Tax will not be generally subject to such tax on the Notes. Otherwise, under current Wealth Tax regulations non-Spanish resident individuals whose properties and rights located in Spain (or that can be exercised within the Spanish territory) exceed € 700,000 will be subject to Wealth Tax during year 2014, the applicable rates ranging between 0.2 per cent. and 2.5 per cent. However, as the income derived from the Notes is exempted from NRIT, any non resident individuals holding the Notes as of 31 December 2014 will be exempted from Spanish Wealth Tax in respect of such holding. Furthermore, under Law 22/2013 Wealth Tax is scheduled to be removed from 01 January 2015.

Legal entities tax resident outside Spain are not subject to Spanish Wealth Tax.

4.3 Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)

Individuals not tax resident in Spain who acquire ownership or other rights over the Notes by inheritance, gift or legacy, and who are tax resident in a country with which Spain has entered into a double tax treaty in relation to Inheritance and Gift Tax will be subject to the relevant double tax treaty.

If the provisions of the foregoing paragraph do not apply, such individuals will be subject to Inheritance and Gift Tax in accordance with the applicable Spanish regional and State legislation.

Legal entities not tax resident in Spain which acquire ownership or other rights over the Notes by inheritance, gift or legacy are not subject to the Inheritance and Gift Tax. They will be subject to NRIT (as described above). If the entity is resident in a country with which Spain has entered into a double tax treaty, the provisions of such treaty will apply. In general, double tax treaties provide for the taxation of this type of income in the country of residence of the beneficiary.

5 Disclosure obligations in connection with payments on the Notes

The Issuer is currently required by Spanish law to gather certain information relating to the Notes. In accordance with Section 44 of Royal Decree 1065/2007, of 27 July, as amended by Royal Decree 1145/2011, of 29 July, certain information with respect to the Notes must be submitted to the Issuer at the time of each payment (or, alternatively, before the tenth calendar day of the month following the month in which the relevant payment is made).

Such information includes the following:

- (a) Identification of the Notes (as applicable) in respect of which the relevant payment is made;
- (b) the date on which the relevant payment is made;
- (c) total amount of income from the Notes;
- (d) total amount of income (either from interest payments or redemption) corresponding to each clearing house located outside Spain.

In particular, the Fiscal Agent must certify the information above about the Notes by means of a certificate the form of which is attached as Annex I to this Base Prospectus. In light of the above, the Issuer and the Fiscal Agent have arranged certain procedures to facilitate the collection of information concerning the Notes by the close of business on the Business Day immediately preceding each relevant Payment Date. If, despite these procedures, the relevant information is not received by the Issuer on each Payment Date, the Issuer will withhold tax at the then-applicable rate (currently 21 per cent) from any payment in respect of the relevant Notes. The Issuer will not pay any additional amounts with respect to any such withholding.

If, before the tenth day of the month following the month in which interest is paid, the Fiscal Agent provides such information, the Issuer will reimburse the amounts withheld.

The Issuer, the Arranger and the Dealers do not accept any responsibility relating to the procedures established for the collection of information concerning the Notes and they will not be liable for any damage or loss suffered by any holder who would otherwise be entitled to an exemption from Spanish withholding tax but whose income payments are nonetheless paid net of Spanish withholding tax because these procedures prove ineffective. Moreover, the Issuer will not pay any additional amounts with respect to any such withholding. See “*Risk Factors*”. The procedures for providing documentation referred to in this section are set out in detail in the Fiscal Agency Agreement, which may be inspected upon reasonable notice, at the specified offices of the Issuer and the Fiscal Agent. Should any withholding tax be levied in Spain, holders of the Notes should note that they may apply directly to the Spanish tax authorities for any tax refund which may be available to them.

In the event that the currently applicable procedures were modified, amended or supplemented by, amongst others, a Spanish law, regulation, interpretation or ruling of the Spanish Tax Authorities, the Issuer will inform the Noteholders of such information procedures and of their implications, as the Issuer may be required to apply withholding tax on interest payments under the Notes if the Noteholders would not comply with such information procedures. In such case, the Issuer will not pay additional amounts with respect to the Notes as a result of the imposition of such withholding tax, as provided in Condition 8 (*Taxation*).

Set out below is Annex I. Sections in English have been translated from the original Spanish.
